blue™
Dolphin software in a browser

Cloud computing and systems come in many shapes and sizes. They even have different names. What they have in common is the ability to keep your practice mobile, flexible, secure and worry-free. Dolphin offers two solid options for running your practice in the cloud, and we're eager to discuss which one is best for your practice.

Bring this card to Dolphin Booth **1025/1125** at AAO in Los Angeles for a software demo, and your name will be entered into a raffle to win your choice of either an Aquarium license or iPad Pro 11".

Not going to Los Angeles? Visit www.cloudinfo.us to learn more about why cloud computing really is a big deal.

Introducing **My Orthodontist** mobile app for your patients

Put your practice at the center of their lifestyle.

Home Screen with menu

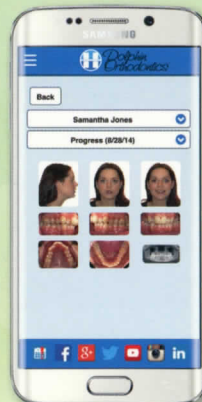

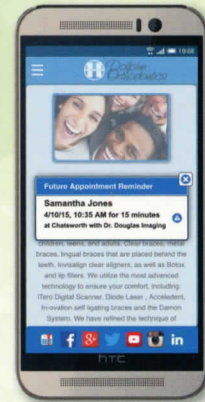

Image Progress Screen

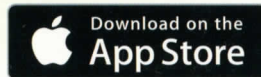

Account Balance Screen

Appointment Reminders

Stop by **Dolphin Booth 729/829** at the **AAO in San Francisco** for a hands-on demo.

My Orthodontist

mobile app for your patients

Empower patients with the
My Orthodontist mobile app.

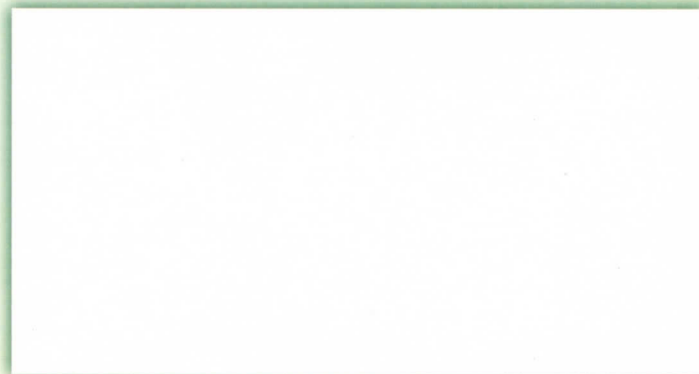

Downloading My Orthodontist to their iOS or Android device will empower your patients to take an active role in their treatment, while also enhancing their relationship with you and your staff. My Orthodontist is entirely customizable with more than 25 color themes, and can be personalized with your logos. Visit www.dolphinimaging.com/myortho.

Visit Dolphin Booth **729/829** at the **2015 AAO in San Francisco** for a hands-on demo.

Don't forget to ask about our special show pricing!

Go Dolphin Watching at the AAO.

Get your practice data and patient images in real-time; works on Apple iOS (iPhone®, iPad®, iPod touch®) and most Android™ devices.

 **Dolphin**
Imaging & Management Solutions
a Patterson Technology

Touch your practice while at the AAO.

While attending the AAO in Honolulu, use Dolphin Mobile so your practice is a touch away on your Apple iOS (iPhone®, iPad®, iPod touch®) or Android™ device. Have your practice info handy at the airport, in the hotel, at a luncheon or on the beach. Depending on the Dolphin system you're running, you can enjoy access to all your Dolphin patient images; patient treatment chart entries; referring doctor information; your daily, weekly or monthly schedule; and much more. Supports Aquarium and the new Super Questionnaire!

Dolphin Mobile works with WiFi and cellular networks, and securely accesses data directly from your practice in real-time.*

**Your service provider may assess additional fees for data roaming and coverage based on your usage; please confirm your data plan before traveling.*

For more information, visit www.dolphinimaging.com/dolphinmobile.

Visit us at Booth 627/727 at the 2012 AAO in Honolulu for a hands-on demo. Ask about our special show pricing!

Dolphin Mobile

Now accommodating your littlest patients.

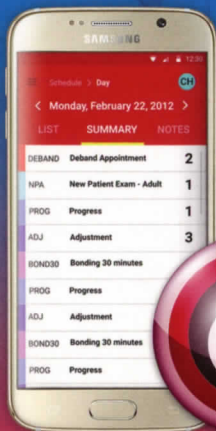

Announcing orthodontic-pediatric
dental features in Dolphin software.

Introducing features and tools for the practitioners who treat young patients!

Newly designed enhancements for
orthodontic and pediatric dental practices;
tools for viewing and analyzing radiographs;
plus dedicated features for financials,
scheduling, charting, treatment planning
and insurance. All new features work great
in an orthodontic office, while also satisfying
the needs of a pediatric dental practice. For
details visit Booth 1641/1741 at the AAO in
Orlando or www.dolphinimaging.com/pedo.
